Hinário of songs received by Amrit Vismay

The songs are coordinates on our inner-outer journey through the realms, helping us to align and open, to deepen our innermost truth.

They are keys, opening doors of perception in our consciousness, unlocking feelings. They are a portal to a higher state of being.

The first song arrived 17 years ago in ceremony and they never stopped coming.

I give thanks for that infinite source of wisdom that is so playful to arrive as tone and melody,

To the sound of light that guides our path.

To the ancient medicine of the forest that made it all possible.

To all those who helped and collaborated to make this song book a reality.

And to all those who sing and share the truth & love !

May all beings be happy

Vismay !

A Prayer for the Way

As in one, so in All
In the cell, in the galaxy
The power of creation pulses.

We ask to connect to that pure pulse
To go beyond earthly boundaries

We accept and surrender to the lessons we need to
learn

We call for our spirit to awaken
With the longing of our inner child
We call to be

In unity in joy in truth simplicity and love

We call to pray and play
In the garden Beyond
Asking for guidance and healing
For all mankind

So be it
Amén

8. Star Soul Journey

9. The Simple Song

Singing with the birds
Growing with the trees
Flowing with the water
Shining with the sun
Turning with the earth round and round
Here we are to shine love to all that surrounds us
Here we sing to bring the healing the love as one

Walking on the path, breathing in the forest
Becoming one with nature becoming one with the
god
Here we are shining light to all that surrounds us
Here we are ready to jump beyond

Beyond the time and space
In the inner realm
A kingdom awaits us
In the perfect grace
Glowing pure soul
Here we are to shine this light to all that surrounds
us
Here we are to bring it back to Earth

Taking in the love
Feeling the force that's inside us
Connecting the earth with the pulse of our heart
Here we are to shine the light to all that surround us
Here we are to serve the mother with joy

10. Love Forever

Here you are, coming from another star
Glowing like a rainbow in our hearts
You made a long journey
And now you're here
To drive together on this magic road
It's called life

Love forever and ever

Always in your heart

Love forever I wish for you, my child

Love forever and ever, reach into the stars

Let your life mirror the One

May you always remember what you came here to
be

May your heart be true

May your mind be free

May God keep your way wherever you'll be

May the Angels protect you, eternally

Love forever...

Thank you God for reuniting

For bringing the meeting of a lifetime

Thank you for the light

That shines in these eyes

Thank you for the joy, this joy of life

Love forever...

11. Forest Home

We come here to the Forest
To meet the Living Beings
We're coming to the Forest to heal
We come here to the Forest, seeking harmony
We're coming to the Forest to feel

Feel the Mother Earth and her nature
In the garden dancing like a child
Together with the Angels and the Master
Letting go into the One

We're singing in the Forest
With the Spirit and the leaves
Harmonizing with the soul and the stars
We're living in the Forest
Vision of Newmanity
Purifying our path to Divine

Unite our bodies in intention
Surrender the fear and the pride
Melting the boundaries of illusion
Walking through the gate way to beyond

Welcome to the Forest
It's the Forest of your soul
Be home, let us go for a ride
It is all inside of us
Drops reflecting in the whole
Shining, like the diamond stars

Walking the path with clear dedication
To clean our hands and clear our mind
Letting past, attachments and confusion go
(2nd: Courage, hope and nature all support us)
As we awake to new Earth Dawn

My Soul

And even if I will go in the dungeons of hell
I will not fear, you are with me, God
My soul
My guide, you show me the way to my fulfillment,
God
My essence
Open my eyes to see Your light always
Help my heart to pulse, loving life
Make my hands strong to work for You
To manifest on Earth Your Kingdom
Your holiness
And also when I see
Here, all this light, I will know
You are inside me, God
My soul
Your secret is hidden
In each particle of my body
The mirror of soul, God
From the beginning of time

Open my eyes to always see truth
Let my feet walk Your way
My hands strengthen to do Your work
My mouth to sing for Your Kingdom
Your holiness
Your glory
Your love

Thy Will Be Done

Thy will be done in the Sky
Thy will be expressed, here on Earth
Protect my soul with a true prayer
Protect my heart with your love
The light of your will descends from your sky
The light of my soul is drawn to the heavens
May our souls grow into this light
And our consciousness to remember the secrets

Draw your servant to your will
To walk your way
Draw your servant to your will
Into the heart of the world

In our hearts, your wisdom is illuminated
In our eyes, we shall see a living truth
The essence of your will is our soul
To your hall we shall return Lord

Open my eyes, release my reins
To fly in your sky
Open my heart, release my soul
Being one
Open my eyes to see a living God
In all that is created by you
Open my heart, my soul shall sing
Being one

מלוא הירח. 32

הירח תמיד מלא
בליבי אורו יחיה
אור זהוב ורך
בא מתוק כל כך
הבורא מתגלה
בכל ברואיו

אראהו באשר אלך
ניצוץ אלוה בכל שורה
בצחוק ילד רך
בפרח שנפתח
גם בסופה
השכינה
בכל הווה

לבנה מסתובבת על צירה
בכוחה גאות עולה
מלכת מים בגופי
מחזוריות עצמי
כוחות יקום בתוכי
אצא לחופשי

ירח הו שער כוכבים
את ליבנו אנו שרים
מכאן תפילה נשלח
אל רגע המפתח
שנעוף עם אורה
ובוראה

Full Moon

The Moon is always full
In my heart its light will live on
Soft golden light
Comes so sweet
God is revealed
In all his creatures

I will see it wherever I go
A Divine spark resides in everything
In the Laughter of a young child
In an opening flower
Even in the storm
The Divine Presence
Is present in everything

The Moon is rotating on its axis
With its power the tide rises
Queen of the waters in my body
My self-cycling
Universal forces inside me
I will break free

Oh Moon gate to the stars
We sing our heart out
We'll send a prayer from here
To the key moment
When we will fly with its light
To the heart of creation
Thank the Moon, and its creator

Sacred Fire, the call of my Soul
One is all, all is one, one is all
All is one (In the Universe)
One is all, all is one, one is all
All is one (In my Heart)

He who protects the Earth
Shall know the secret of its love
He who recognizes the Heavens
Shall know the secret of Existence

He who flows with the Water
Shall know the Force of Life
In the Creation
He who burns with the Fire
Will recognize the Source of his soul,
So clearly

In the Forest we will understand
In the Forest we will know the Great Living Being
In the Forest we will see
In the Forest we will hear the light and sound of its
love

33. דעו שהשירים

דעו שהשירים האלה כולם
חובקים הם עולם
חובקים הם עולם
נובעים הם מאהבה לכל הקיים

ואין בהם דבר
ואין בהם דבר
נגלה או נעלם
נגלה או נעלם
שלא יוכל באורם

הקרון מתוך הריק
העתיקה את טבעה
אל תוך עצמה

ואין מדובר בבריאה
כי המקור על כל שיקופיו
תמיד היה

זאת אינה עשייה
כי אם מצב הוויה
ואין לה סוף וראשית
משום שהיא
לכל כיוון
אינסופית

A drop of Consciousness, in an endless Ocean of light

The threads of light are drawn
From the essence of my being
Keeping center, loosing boundaries
There is no "I"
Merging with the One, here I am

A single grain of sand, on an infinite shore
A tiny grain of sand, facing the mighty Sea
Carrying the heart of the Earth
Here I am
The waves of the Sea, the Wind, the Sun
All around me

The radiance of a shining star, in an infinite Sky
Total radiant light, the love of my Father and Mother
Beyond space and time
Here I am
Illuminating the darkness
As I pass

The light of the pure heart, throbbing, burning,
infinite
Light so sweet, pulsing, glowing inside
Pure Consciousness
Here I am
Earth, Sea, Moon, Star in my Heart

שאג 36.

!הו בן אדם שאג
שאג חרותך לעולם
!שאג כי הגיעה העת
שאג ואל תתעכב
כי יש עדין סיכוי ליצור מגע עם הלב
ל"אדם" החושב הסוף כבר קרב
כי ממנו יצמח האדם האוהב
!הו בן אדם שאג
שאג חרותך לעולם
שאג כי הגיעה העת
!שאג ואל תתעכב
אל תחדל והוסף והבהר
כי המדבר מדבר ולצמא תמיד
תמצא הבאר

כל זאת,
ומאורות מקורך ומאורות עינך
ומאורות דבורך ומאורות ליבך
ומאורות ריגשותך
ומאורות מרכזך ומאורות מינך
ומאורות אדמתך
וכל אשר תחת השמיים
וכל אשר תחת עורך

אותות אם וסימנים השתקפויות בדרכך
ולכל אשר תישא מבטך
הדלת פתוחה ואני בשערך

על כן, פקח עינך אהובי היקר
פקח וטפח אותן
לבל תעצמנה
והיו לך ככוכב הצפון לנווד
והיית אתה לך כמצפן מכאן ולעד

פעימה 37.

אור נשמת כל חי עולה
אל תוך האש, אל לב העץ, במימי המעיין
פועם רצון הוויה

(A)

והיית כעץ שתול על פלגי מים
את פריו ייתן לעולם
ינצנץ כוכבך בשמיים
נשימה, נשימת אדמה, נשמה

והיית כעץ שתול על פלגי מים
אשר פריו יתן בעתו
וכוכבך יאיר בשמים
דרכך אל כסא כבודו, אל כבוד מלכותו

עולה הטיפה מן הים מתאדה
בענן נעלמת משנה צורתה
יורדת אל ארץ את הזרע משקה
נותנת חיים בתוך אדמה
נובט לו הזרע אל שמש טובה
עולה העצה נותנת פרייה
ובתוכו שוב מתגלה ברכת השכינה
הנה התעלתה טיפת הוויה

מתגלה מתחבאת הולכת באה
בין ממדים מהבהבת אורה
אינסופית מכילה כל יקום כבודה
רוקדת לנצח את ריקוד הבריאה
עוף החול קם מעפר דק אל רם
עף באש הזמן אל מקור כל קיים

Peima

From within the fire, from within the tree, from
within the spring
The soul light of all living, is rising
Into the fire, into the heart of the tree, in the spring
water
Pulsing the will of Being

And you would be like a tree planted by streams of
water
The fruit given to the world
Your Star will sparkle in the sky
Breathe, the breath of your Earth, Soul!

And you would be like a tree planted by streams of
water
Which will give its fruit in its season
And your Star will shine in the sky
Your way to the Throne, to honor His Majesty

The drop elevates, evaporates from the sea
Disappears in the cloud, changing her shape
Descends into the land to water the seed
Giving life in the soil
Sprouts the seed to the good Sun
The tree rises and gives fruit
And it reveals once again the blessing of the Divine
Presence
Here surpassed one drop of Being

Revealed, hiding, going to come
Between dimensions flickering Her light
Infinite, containing, all the Universe Her grace
Dancing forever the dance of creation
The Phoenix rises from the ashes to beyond
Flying in the fire of time to the Source of All that is

From the Forest I receive
The power to work
From the Forest I receive
The strength to work
From the Forest I have everything
All, everything here to heal
In the Forest everything grows
And my life I explore

In the Forest flows the river
Pure waters flowing to the sea
Coming from the mountains, the waterfall
Where the Eagle flies
From the Forest pours the waters
Connecting all nature
Divine Rain come wash me
In your waters I wish to dive

In the Forest is a Holy Temple
There in the shadow shines a light
And the people sing
To spread truth and love
In the Forest there are secrets
That in silence are revealed
There where the Queen lives
In the prescence of the Creator

Thanking the Forest
Earth, Water, Sun and Air
Thanking Nature (2nd: the Medicine)
That teaches me to love
Thanking all the Beings
That come here to show us
Healing and curing, giving happiness to the Soul
In the Forest let us dance

47. Terra do Alem

Nas ondas do mar as sereias
A noite escuro, estou na areia
Pedi Papai meus olhos clareia
Pra poder ver a realeza que você me dá
Pedi a Mamãe o vigor do mar
Como uma onda chegar no beira mar
E transformar

La no céu os Anjinhos
Estou aqui estou pertinho
Pedi para nos levar os olhos la pro céu
Pra receber a lição, pra eles ver
Pedir para nós esta força aceitar
Nossa missão realizar e transformar
Brilho do luar

Aqui na Floresta encantada
Na terra aonde o tempo para
Este lugar não tem começo não tem fim
Tem só pureza, aqui deste Jardim
E aqui no Reinado do Astral
Entender, sempre foi comigo
No coração

Vou baixar pra o corpo que ficou
Com a sabedoria de Ele que me mando
Este Deus, o Deus que fez bem
Que o segredo de todo se escondeu
É só quando limpar o coração pra bem
Vai passar na terra
Na Terra do além

Land of Beyond

In the waves of the sea, mermaids
The night is black, I am on the sand
Asking my father to clear my eyes
To see the Majesty that You give me
Asking my Mother, the energy of the sea
Like a wave, arrives onto the shore
And transforms

There in the sky, sweet Angels
They are here, they are close
Asking us to lift our eyes up to the sky
To receive the lesson and to see them
Asking us to accept this power
Realize our mission and transform
To the shine of the Moon

Here in the enchanted Forest
In the land where time stops
In this place, there is beginning, there is no end
There is only purity in this Garden
And in the Kingdom of the Astral
Understand, it is always with me
In my heart

I came down to the body that remained
With the knowledge of Him who sent me
This God, God that made good
That hid the secret from all
And only when the heart is clean
Can one pass to the Land of the beyond

To the ocean as one
Yet the drop is not gone
The portal opens beyond

Heyo Heyo...

Here we are the children of the stars

Heyo Heyo...

Learning now to go so far
Beyond shape and form
Where the pure love glow
Eternal silence we come to know
And to be reborn
To earth we return
Bringing the light of beyond

Heyo Heyo ...

Here we are the children of the love

We bless the Leaves
We bless the Vine
Queen of the Forest
Gift of the Divine

We bless the Light
We bless the Sound
We give thanks to connect
To the love all around

We bless the Seed
We bless the Tree
The Fruit of Truth in joy to be

We bless the Soul
We bless the Heart we bless we are
The Children of Beyond

We came to sing, we came to grow
To the River of bliss
Together let's flow
